Hey There

Welcome to NEKO! We're a haven for rescue cats and humans to relax and enjoy each other's company. We've partnered up with local shelters to give kitties a place to mingle with folks like you and find their purrfect match. Grab a drink and kick back with us! We are so happy you're here!

Our Story

Caitlin & Cory fell in love with cat cafes during their years living abroad in Japan! Their lifelong passion for animals, love of hosting, and a decade working in restaurants made a cafe full of cats the ultimate dream job. They returned to the US on a mission to create a kitty-filled hangout spot people didn't know they needed. After opening NEKO Seattle in 2017, they were over-the-moon to bring NEKO to Bellingham in 2020, where they met waiting tables at Boundary Bay 12 years earlier. These Western grads are so purroud to be back and bringing kitties to the place they love the most. Thank you for supporting this wild dream come true!
